

CALL FOR ACTION: Puerto Rico Supplies Drive

NATIONAL SUPPLY DRIVE – REGION 2,3,4,5,6,7,9,10 DEADLINE: JAN 27, 2020

Dear Sai Family,

More than 1,000 quakes jolted the island of Puerto Rico during the first two weeks of the year, according to the Puerto Rico Seismic Network, among them a 6.4 magnitude earthquake and a 5.9-magnitude aftershock. Hundreds of homes and businesses in the southwest region of the country were damaged or destroyed, and thousands of Puerto Ricans were left without water and power, which has also affected telecommunications. In addition, more than 1,000 people were staying in government shelters.

The SSIO NDRT team in Puerto Rico has been active in assessing areas in need and they have adopted a community in the center of the island that has requirements for assistance. They have provided a list of items in high need that we have placed on our NDRT Supply Fulfillment Website
